

SUN BEAMS

By WALTER M. BARRETT

One of the most shameful things we have to contend with is our big crop of "panhandlers." Seldom, if ever does a day pass but one of the tribe, usually giving off a strong odor of cheap liquor, spends his time greeting the tourists as they alight from cars with a plea for money. If a job is offered, he is insulted. Or, if you ignore the beggar, he usually persists and follows you to your destination, pouring forth a tale of hard luck. If you are in a charitable frame of mind and dole out a dime or so, the panhandler, never with a word of appreciation, hurries on to his next victim and the whole thing re-occurs. And the surprising thing is the panhandler operates without fear or license and is never molested.

A note of pride is seen in the recent publicity letter issued by the State Chamber of Commerce calling attention to the fact that "On August 1, all motor vehicle registration stations at California borders were permanently closed as result of continued demands by the State Chamber of Commerce as well as the California State Automobile Association and the Automobile Club of Southern California." We are sure the state chamber is justly proud of the part it played in eliminating these stations. The funny part of the story is that the administration claims, without a word of praise for the chamber or the automobile clubs, that the stations were abolished as a part of a program of economy. "California has found," continued the state chamber announcement, "that this accomplishment is no real good. It unnecessarily annoys our guests from eastern states, and in no way benefits our own state. We believe we can get along better without the border stations, and hope that other Pacific Coast states will find it possible to do likewise." Such reasoning is beyond our conception of good judgment. Many times the value of the stations was pointed out. It is nice to have an open door to California for the world, but it is also nice to know who is using that door and why. Undesirables as well as desirables are welcome to accept the state chamber's kind invitation: "We've opened our doors to you."

This week a petition is being circulated in an effort to raise money to plant fish in the Truckee river. It is a petition which every businessman in town should be anxious to sign. It means that again next year Truckee will offer the finest fishing stream available anywhere with ample fish to make the visit of the vacationist worthwhile. Our one big remaining asset is our Vacation Land and we should not hesitate in keeping it at the top in the west.

Our congratulations are extended this week to Frank Powell, who spent his 52nd birthday passing the above mentioned petition. Despite his age, usually considered somewhat advanced, Mr. Powell plays no small part in community development and can always be depended upon to take the lead in worthwhile projects. Aside from his activity in raising money to plant fish, Mr. Powell is heading a committee to prepare a Chamber of Commerce picnic. We would be better off if some of the citizens half his age were half as active as Mr. Powell.

See Friends—

Mr. and Mrs. Hugh McColl and family of Stockton, former local residents were week end visitors.

Birthday Celebrated—

Miss Gertrude Smith celebrated her 11th birthday on Tuesday when several of her friends joined her at her home in the afternoon. A pleasant afternoon was spent by the young folks in a treasure hunt and Mrs. Earl Smith served refreshments to the guests. Kenneth Snider, whose birthday falls of Sunday, was also an honored guest.

To Minden—

H. E. Canady of Hobart Mills will go to Minden, Nev., August 16 where he will be employed as manager of the Hobart Lumber Yard, succeeding George Hampson, formerly of Hobart Mills, who is retiring. His family will move to Minden about September 1.

Opens Station—

George Seymour has opened a service station on the shore of Tahoe situated at the junction of the Brockway-Truckee Road.

From Stockton—

Mr. and Mrs. Frank McCollough of Stockton, former residents of Hobart Mills, where the former was an engineer on the railroad visited here last weekend.

From Oroville—

Austin Otis and son, Bill, of Oroville were weekend visitors at the home of P. W. Lazier.

On Trip—

Mr. and Mrs. R. C. Gracey of Reno stopped in Truckee en route to San Francisco on business.

Lawmaker Tells Of Work With State Assembly

Thurman and Voltz Discuss State Checking Stations

CITES VALUE TO STATE

Opposition Proud of Move In Eliminating Stations

Indicating his intention to seek reelection at the polls next year, Assemblyman Allen G. "Scoop" Thurman, Colfax editor, last night spoke before the Truckee Lions Club telling of many interesting incidents he experienced during the recent record-breaking session of the Legislature. Thurman discussed briefly the elimination of the Truckee registration station and the fight he and other members of the assembly as well as the senate, including Senator Jerrold Seawell, put up to retain them and again pointed out their necessity as a source of revenue to the state as well as a law enforcement agency.

His talk followed that of Lou Voltz of Auburn, who spoke in defense of the action taken by the California State Automobile Club in its efforts to have the stations removed. While indicating that the AAA did not fight against the stations, he did not deny that the organization was one of the active groups urging abolishment of the units. He also spoke of the interest the association had taken in development of Victory Highway.

Thurman, who was accompanied by three other members of the Colfax Lions Club, pointed out that while the recently closed session might be termed a "do nothing" legislature, nevertheless many so-called crackpot bills, which would have been disastrous to the welfare of the district and state, had been killed. He cited briefly the action taken in several fish and game measures, including the one which would have changed the opening date of the fishing season here, and touched upon other subjects of interest to Truckee.

Joseph Pergano, member of the Marina Lions Club of San Francisco, who visited the local club, ably officiated as tailtwister.

Plans for the Lions club picnic to which all Lions, members of their families and guests, have been invited to attend at Rubicon Beach next Sunday, starting at 2 p. m., have been completed. Chairman R. S. Boren announced. A program of entertainment has been arranged and an enjoyable time is promised everyone attending.

Secretary of State Urges Check-Up on Registrations

SACRAMENTO, Aug. 10—(UP)—If you want to vote on November 7 concerning the Ham and Eggs pension question, don't delay in getting your registration fixed up by September 28.

That's the warning of Secretary of State Frank C. Jordan, who pointed out that the new registrations are required from persons who failed to vote at both the primary and general elections last year or who have moved their place of residence.

Patrolmen Make Three License Inspections Daily

SACRAMENTO, Aug. 10—(UP)—That sickening whirr of a siren coming up behind your car may not bring a ticket if a member of the California Highway Patrol is making one of his three compulsory examination of driving licenses each day.

In addition to their regular duties in enforcing motor vehicles laws, the Patrolmen are stopping at least three motorists to carefully examine their drivers license. The reports are forwarded to Sacramento, where a check is made to ascertain whether any such persons are operating a vehicle after such licenses have been suspended or revoked. Many operators are found whose licenses have a wrong address or have expired.

The total of such examinations during May was 32,723.

The staesmen know all the big questions of the hour, but can't find any answers.—Red Wing Republican.

BOCA DAM 94 PER CENT COMPLETE AFTER TWO YEARS OF BUILDING

Work on two Bureau of Reclamation contracts calling for expenditure of \$2,174,775 is under way in Eastern California and Nevada, according to John C. Page, commissioner of the Bureau.

Construction on Boca Dam, begun in 1937, is about 94 per cent complete, the work is being done by the George W. Condon Co. of Omaha, Nebr., on a \$668,110 contract.

The other project in the region named is the installation of generators at Boulder Dam.

Land Survey Of Nevada Side of Lake Tahoe Is Under Way by Bureau

Headed by Surveyors Carl Swanhelm and Wilson McCombie, a public lands survey crew from Reno is now engaged in resurveying lands on the Nevada side of Lake Tahoe.

The crew is working near Zephyr Cove and will be in the Tahoe area for about a month and a half.

Former Local Boy Given Major Scholarship in East

Dr. Douglas M. Kelley, son of Dr. and Mrs. George F. Kelley of San Francisco and grandson of the late C. F. McGlashen of Truckee, has been recently honored with a Rockefeller Foundation Fellowship at the New York Psychiatric Hospital because of the excellence of his research work.

Dr. Kelley graduated from University of California Medical School at the age of 24, two years ago. Since that time he has been in the east but will return to his parents' home before taking up the fellowship which will permit him to continue his work for another year before entering private practice.

Dr. Kelley took up legerdemain as a hobby during his college years and is past president of the San Francisco Society of Magicians.

Dr. George Kelley was a practicing attorney in Truckee some years ago.

Former Hobart Teacher Passes Away In Eastern State, Buried in N. Y.

Truckee friends of Mrs. Mary Douglas Edwards, whose home was in New Hampshire, learned of her recent death. Mrs. Edwards was a former Grass Valley resident where she taught school before her marriage.

As Miss Mary Douglas she will be remembered throughout the county. She taught a short time at Hobart Mills, making her home with Miss Catherine Patterson.

Her husband, who survives her, is Col. Arthur M. Edwards of the U. S. Army, who is on the retired list. She is also survived by a son.

Funeral services were held in Concord, N. H., and burial in West Point Cemetery, New York.

PLANS UNDER WAY FOR TAHOE CHURCH

A number of those interested in the organization of a Community Church at Tahoe met Monday evening in the community hall. Preliminary steps were taken and a committee appointed to contact others who may be interested and to make a further study of by-laws and other factors involved.

A meeting for completing the organization has been set for next Sunday evening at 7:30 in Community Center Hall, Tahoe City.

Tahoe Girl, Truckee Man Involved In Auto Accident

TAHOE CITY, Aug. 10—Miss Kathleen Starratt Anderson of Tahoe City escaped serious injury Saturday when accompanied by Miss Mary Swearingen of Carnelian Bay, she was side-swiped by a car on the Reno-Truckee highway near Floriston. The girls were going to Reno, trailing the car of Thomas Bowness of Stockton. Suddenly the car of Antonio Dominguez, Truckee, approaching from Reno, hit the rear fender of the front car and careened into the Anderson car, badly damaging it.

The girls suffered only minor injuries and shock but Mrs. Dominguez was painfully cut by flying glass. She was rushed to Truckee where Dr. J. H. Bernard treated her. The three Dominguez children were not injured nor was their father.

The Anderson car was covered by insurance by the Dominguez car was not.

Petitions Seeks Funds to Raise Trout in Region

\$400 Needed To Aid Club in Raising Trout For Next Year

CHAMBER IS ACTIVE

Businessmen Urged To Assist In Financing Local Project

Seeking to raise \$400, Truckee's share for stocking the Truckee River with trout, a petition is being circulated this week by Frank S. Powell, special committeeman for the local chamber of commerce.

In a recent communication from D. E. Kessler, president of the San Francisco Flycasting Club, it was learned that the trout fry are being held in the hatchery pending the wishes of the club and the local residents. It is hoped to transplant the fry to the club's tanks this month and prepare them for planting after the season closes in October.

While it is not definitely announced how many fish would be available this year, it is understood that approximately the same number as were raised and planted last fall will be secured.

The chamber of commerce has undertaken the task of securing the necessary fund which will be matched by the club to provide food and other essentials for raising the trout. The club provides the tanks, caretaker and other necessities and asks Truckee only half the actual cost of raising the fish.

To date more than half the amount needed has been raised, Powell said.

COUNTY WILL GET SCHOOL MONEY FOR DAILY ATTENDANCE

SACRAMENTO, Aug. 10—(UP)—An increase of 21,829 students in average daily attendance at public schools in the state requires the state to increase its aid to counties for school purpose by 2.8 per cent to a total of \$76,784,056 for the 1939-40 fiscal year, Superintendent of Public Instruction Walter F. Dexter reported today.

The increase is caused entirely by increases in attendance in high schools and junior colleges. Elementary schools' attendance decreased 2497 or .4 per cent. State apportionments for elementary schools show a corresponding decrease.

The 1939-40 distribution to Nevada County will total \$211,202.23 on the basis of average daily attendance for the past year of 1900 in elementary schools and 788 in high school.

Community Church School To Wind Up Sessions In Program Friday Night

A family dinner and demonstration program Friday evening will close the vacation school which has been conducted by the Community Church here.

Dinner will be served at 6:30 and the program will begin an hour later. Each family is asked to bring sandwiches, one hot dish, plates, cups, and cutlery.

The program will be put on by the children who attended the sessions during the two weeks and their work will be displayed during the evening. Worship will be followed by salutes to the National and Christian flags. Songs and dramatizations by the younger pupils and music drills by the older children will follow.

All friends of the church are invited to the dinner and program.

The voluntary offering of the evening will go to defray the cost of the school.

Negro Apprehended For Stealing Car, Gasoline Here

Samuel Parker, 20 year old Reno negro, is being held in the Truckee jail awaiting the arrival of officers from Sacramento to return him to that city on a charge of stealing an automobile.

Parker was apprehended at the quarantine station east of here after he drove out of the Bowers service station without paying for gasoline which he had ordered. Bowers notified the quarantine station and local officers went to the station and put the suspect under arrest. A check on the car revealed it had been taken from Sacramento without the owner's consent.

MRS. ZOEBEL HEAD OF REVAMPED CLUB FOR WOMEN HERE

Mrs. Preston of Roseville, extension chairman of the Federation of Women's Clubs for the Northern California District, was installing officer at the ceremony when Mrs. Laurence Zoebel was inducted as president of the Wyethia Women's Club at the reorganization meeting held in the club house Friday afternoon at which 31 members were enrolled.

Mrs. Claire Goode was chosen as vice president; Mrs. Clarence Bowers, recording secretary; Mrs. Robert Gifford, financial secretary; Mrs. Elden Tonini, Treasurer and Mrs. Edward Pitts, auditor. Mrs. William Englehart, Jr., was appointed sentinel or official hostess.

The group will meet on September 7th, the first Thursday of the month, to outline a program of activities for the season.

Mrs. Zoebel will appoint committees for the coming year at an early date.

District Democrats Meet At Homewood Hotel

Democrats from 18 counties in the Second Congressional District met in Homewood Hotel, Lake Tahoe, last week to hear reports of the various county committees.

Judge Carr of Redding presided at the session at which 110 were present. Assistant U. S. Attorney Gustav Hjelm made the main address.

Stockton Man Wrecks Car While Speeding This Week

TAHOE CITY, Aug. 10—Patrolman F. E. Walker Saturday night was called to investigate a wreck on the old Truckee-Brockway cutoff. He found Kiet Thomas of Stockton had lost control of his car because of his traveling at an excessive speed. The machine, a convertible, went over a bank into the creek below.

The accident occurred at 9:30 p. m. The driver escaped injury and the damaged car was taken to a Truckee Garage.

TRUCKEE JAIL MAY GO FOLLOWING OFFICIAL VISIT IN LAST WEEK

Members of the board of supervisors were in Truckee last week to investigate the possibility of remodeling the old jail here, which should have been condemned years ago. It was reported that the board plans to expend between \$600 and \$700 to buy the land now occupied by the bastille and to make a few vitally necessary repairs, such as cleaning, installing new plumbing and other incidentals.

Constable William Bottcher will be the jailer at the revamped lockup, it was announced by Sheriff Carl J. Tobiasen who accompanied the board members to Truckee.

Forester Injured In Crash Near Here Is Recuperating

Ebert Peard, employed in the U. S. Forest Service here, is recovering from numerous cuts and bruises at home of his parents in Nevada City, following an automobile accident near here Monday.

Peard's machine turned over on the soft shoulder of the highway and was completely wrecked. The driver escaped serious injury but was shaken sufficiently to warrant a brief rest.

Revisits Hobart Mills—

Miss Minnie McWilliams of San Francisco visited at Hobart Mills where she formerly lived.

Visit in Capital—

Mr. and Mrs. Matt Green, Lake Tahoe, were in Sacramento this week with Mr. and Mrs. O. A. McNeil and Mrs. J. E. Duncan of Miami, Fla. Their niece, Miss Nadine Duffee, returned with them to her home after spending six weeks at the lake as their guest. Mrs. Green went on to Yosemite and Southern California to visit friends while the McNeils and Mrs. Duncan will leave for the eastern part of the country.

STATE MEN HERE

Two California State men were at the Frank Kearney chicken ranch, east of here, this week where they killed 55 ground squirrels in two days and sent the carcasses away to be tested to determine if they are disease carriers.

The United States is said to possess fifty-eight per cent of the world's visible gold supply but you can't see it.

It was twenty five years ago that Austria declared war on Serbia and we haven't gotten over it yet.

Efforts Made To Have Local Hall Changed

Committees in County Seat To Ask Board To Make Change

SPECIAL MEETING HELD

Dissatisfaction Results IN Unified Act'on By Local Groups

A delegation from Truckee today was scheduled to meet with the Nevada County Board of Supervisors, contractor Peterson and architect George Sellen of Sacramento in Nevada City relative to plans for the proposed new \$23,000 Veterans' Memorial Building here.

The special meeting of the board is designed to iron out any difficulties which have arisen over the proposed building and which have been the basis for a number of protests directed to the board against the current plans.

Last Sunday, 16 local American Legion, Lions and Chamber of Commerce leaders met with the board and Clerk R. N. McCohmack here to discuss details objectionable to the local interests. Following the meeting Chairman James McIver, Jr., H. O. Anderson and Jack Wolert, representing the Legion; C. Edmunds, chairman of the Lions civic committee and C. B. White, president of the chamber of commerce and L. E. Zoebel went to Nevada City to review the plans and specifications for the building and were asked to return today when a special meeting of all concerned and interested is being held to attempt an agreement.

Trouble arose when original plans were rejected and alternates removed. It was felt in some quarters that new bids should have been asked and the entire procedure started from the beginning. This would have been an expensive program it was pointed out, and in view of the fact that the board had the authority to act in the matter, revised plans were drawn up, slashing several thousand dollars from the original proposed cost and cutting the size of the main auditorium from 43 by 69 feet to 33 by 50 feet, eliminating many appointments and cutting out other features held invaluable in a community structure.

While local interests are naturally concerned with the type and building of the hall, the matter apparently rests solely with the supervisors for the ultimate decision.

The Truckee Rotary Club this week added its protest to that of other organizations relative to the type and size of building contemplated.

SON TO ARRIVE

Celestino Zunino, son of Jerry Zunino, local shoe store proprietor, is scheduled to arrive in Reno Saturday to make his home here. The young man, who has served in Mussolini's forces in Ethiopia, left Italy early this month on the S. S. Rex and should be well on his way across the United States today.

NEW ICE BOX

A new 6 by 10 foot refrigerator is being built in the Tonini Grocery store this week. The new unit will be cooled with an electric refrigeration plant and will provide ample space for fresh fruits and vegetables as well as other perishables.

From Oakland—

Mr. and Mrs. Roy Blackie of Oakland, who have been vacationing at George Seymour's camp near Brockway, stopped here to visit P. W. Lazier. Mrs. Blackie is a niece of Mrs. P. H. Gordon, formerly of Hobart Mills.

Visit Matson Home—

Mrs. Charles J. Reese and daughter, Diane, of San Francisco, have arrived for a visit with Mrs. Reese's sister, Mrs. Chester Matson, and family.

Here Sunday—

Mr. and Mrs. J. H. Sanders of Sacramento were here Sunday.

Doctor Here—

Dr. George F. Kelley of San Francisco is spending a few days here visiting old friends and enjoying the fishing.

From South—

Washington Snapshots

by JAMES PRESTON

Not all the ghosts in Washington write speeches for big-wig tongue waggors or haunt houses, it now seems. There are other ghosts who fill in nicely when there is need for an anonymous pronouncement.

These mythical figures have been called to duty quite frequently of late. Most recently, the ghost has been playing the role of a business man. And in that role, the ghost has been making some strange but important noises. The person to whom the mythical figure has been talking to no less a personage than the President of the United States, and he has passed the statements on for all to heed.

The latest word the President has passed on from the ghost is that the United States Senate has done the business men an evil turn by not following the wishes of the White House in the matter of neutrality. The Chief Executive quotes the anonymous business man as saying that the Senate has nipped a business boom in the bud by its anti-New Deal antics on neutrality.

Reasoned the ghost: If the White House had its way on the question, we could sell war materials abroad. Thus would come the business boom.

But reasoned the Senate: If we have our way (and they did) we'll keep our war materials at home. Thus all the "booming" will be kept over there.

Washington correspondents have endeavored to learn the identity of the ghost figure, but with questionable success. They do have the name of one man which some authoritative sources say is the real ghost in the case. But it turns out the man in question is NOT a business man, but simply a speculator.

As one newspaperman remarked: "Of late there has been a 'businessman' who goes to the White House; sits down and argues with the President and always loses."

The whole ghostly business has become such a joke to the writers that they now jestingly ask the peanut vendor who has his stand at the White House gate, if he is not, in fact, a secret White House advisor?

Those in the Capital who look more seriously at the question of business conditions, are not in agreement with the White House "spookman."

The neutrality issue has played no part in present conditions, they say. This school of thinkers feels earlier hopes of business aid have not been fulfilled.

Early in the session of Congress, they point out, there was some indication that such business deterrents as the National Labor Relations Act, taxes and Federal fiscal policies might be revised. Because of this wishful thinking many industries expanded plants, increased payrolls and prepared for a return to normal economic operations.

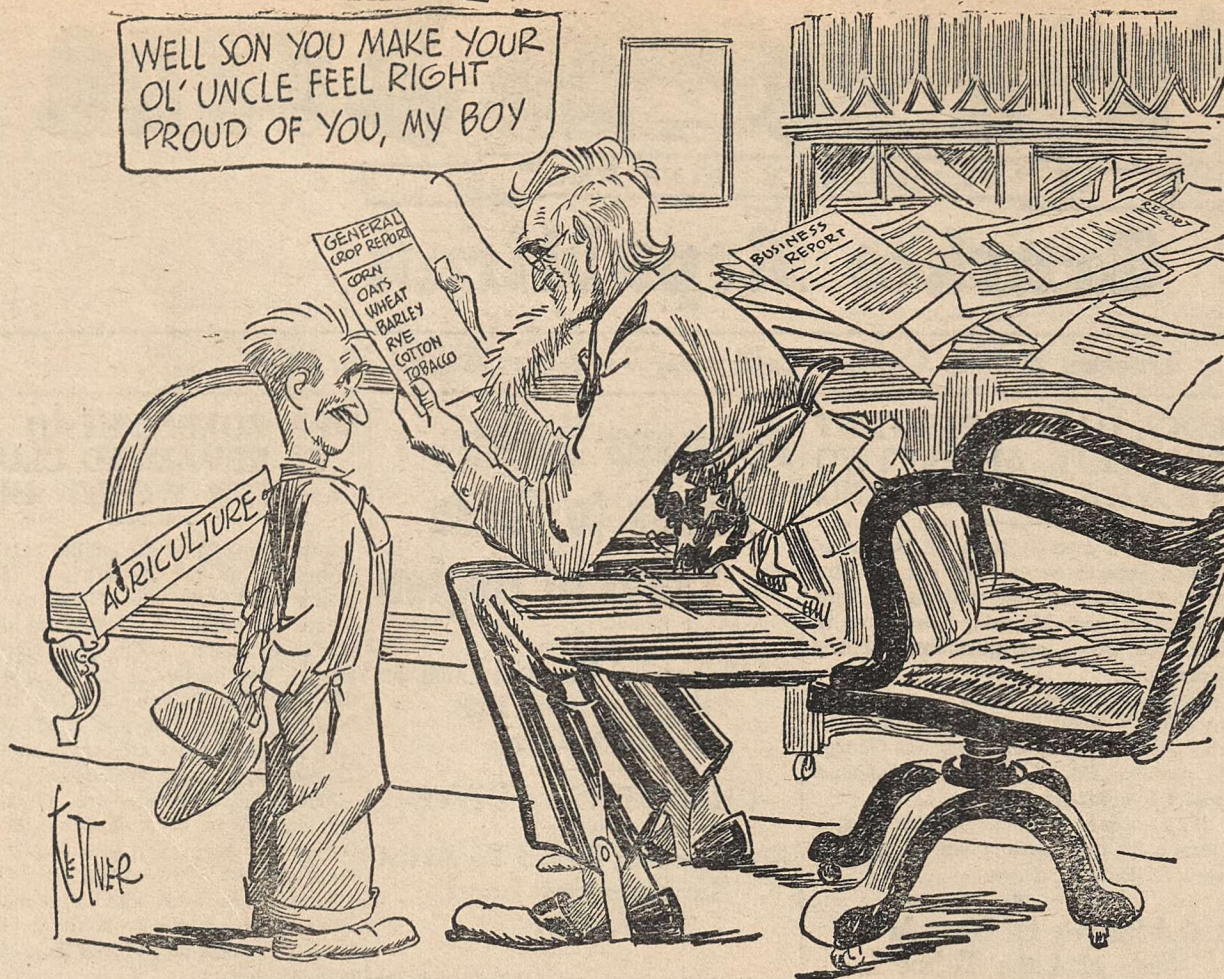

Only the tax structure was modified, however, and that revision was not all that it has been headlined to be. Actually, under the new tax measure, there is no reduction in the amount of taxes collected. The modified tax schedule simply collects the taxes differently.

But most important, there was no action on the hoped for overhaul of the NLRA or any change in the deficit spending policies.

MORE ARGENTINE BEEF: Washingtonians are wondering if the Argentine beef issue will ever be forgotten (a lot of them wish it would be). One of the Congressmen fanned the flame anew recently by carrying a tin of the Argentine product into the House chamber, with the announcement that "I bought this in the basement of the Agriculture Department Building," where a grocery and meat counter is operated for the benefit of government clerks.

STAMP NOTE: It is a dull day in philately when the Post Office Department isn't thinking up something new for the stamp collectors. The indefatigable thinker-uppers in that

The Crop Report

EDITORIALS

THE DEMOCRACIES

If the United States ever does join a union of democracies she will have to be very sure indeed that they are democracies in fact as well as in self-description. Set aside the fact that Great Britain and France are both open to at least a little suspicion as to democratic principles and purposes of their governments, what could be more ludicrous than to propose to join in a "democratic" union, with such an entity as the Union of South Africa, in which four-fifths of the population, consisting of natives, Asiatics imported for the cheapness of their labor and half-castes, have no voice whatever in government, practically no citizen rights, and are ruled with an iron hand by a bare fifth of whites though they do almost all the work. —Manchester Herald.

PROTECT THE FORESTS

Today outdoor California is a veritable tinder-box. Under the most threatening conditions in 30 years, not only mountain regions but the wooded valleys and dry pasturelands

need but the merest spark to be swept by a blazing inferno.

Within the past few weeks nearly 200,000 acres of blackened stubble and charred stumps have been added to the season's toll of brush and timber lands consumed by fire.

We can help prevent the tragic waste of fire, by fighting fire with caution before it starts. This year "caution" needs to be the watchword of campers and tourists as never before.

YEAR 'ROUND SANTA

So you don't believe in Santa Claus! Just follow these figures through:

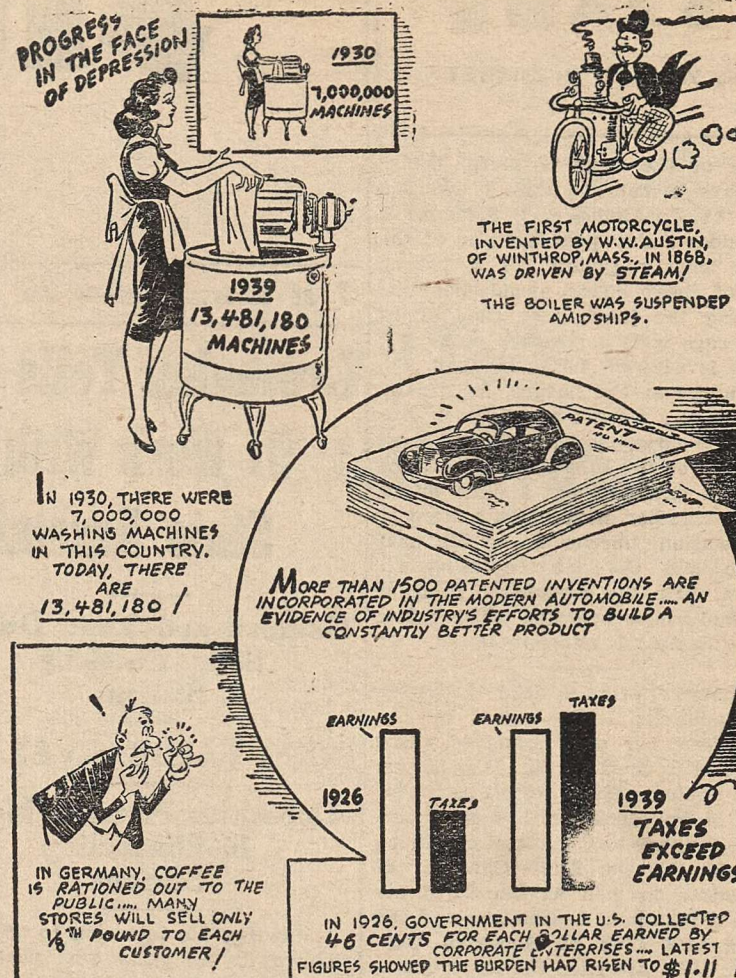

You can measure spending on your own clock. Every minute that passes, government has spent \$36,120. That's \$602 every second.

It's not so easy to measure the taxes you pay. Almost 60 per cent of the taxes paid to government—federal, state and local—by the average citizen are hidden.

Heavy spending takes more taxes out of your pocket. There is a Santa Claus and you're him, Fourth of July and Christmas.

THE POCKETBOOK of KNOWLEDGE

By TOPPS

Politically Speaking

by JOHN W. DUNLAP
United Press Staff Correspondent

SACRAMENTO, Aug. 10 (UP)—Hardly calculated to instill public confidence in the new Democratic administration is Governor Olson's practice of appointing "dummy" members of important boards and commissions.

The practice is not necessarily new because Governor Merriam once named two of his secretaries, Frank Cochran and Verne Landreth, to temporary jobs on the State Athletic Commission when it was increased from three members to five.

In Olson's case, it seems to be getting to be a habit.

The first instance was the naming of Director of Public Works Frank W. Clark to the post of acting Director of Motor Vehicles. Month after month a new appointee was expected but none developed. For that matter, Clark also was named to other boards because of his public works job, such as the Toll Bridge Authority, Water Authority, Golden Gate International Exposition and Highway Commission.

When the State Reclamation Board was revamped, here is the slate of administration officials Olson named: Clark, State Engineer Edward Hyatt,

Lieut. Gov. Ellis E. Patterson, Finance Department Attorney Norris J. Burke, Public Works Attorney C. C. Carleton, Finance Director Phil W. Gibson and Executive Secretary to the Governor Kenneth Fulton. Burke resigned last week.

There was considerable confusion over a period of months after Olson named to the Fish and Game Commission Fulton, Clark and Gibson. None knew the administrative or technical details of fishing, yet had to make important decisions and finally did just nothing.

This week, with Southern California in a turmoil over Olson's threat to split winter racing dates between Santa Anita and Hollywood tracks, the Governor named another of his secretaries, George Killion, to one of the two vacancies on the Horse Racing Board. It would be foolish to assume that Killion would do anything but carry out the Governor's wishes on policy, leaving aside the merits or demerits of Olson's program.

Olson explained that Killion's appointment was only a temporary one until the racing date situation was ironed out.

California's wandering Capitol has a new locale, this time on Santa Catalina Island. Everyone knew that Governor Olson was dividing his time between (Continued on Page Five)

The Man At The Keyhole

(BY OPERATIVE WB)

Identical twins have brought confusion to romance and merry complications in social relationships. But just imagine identical twins in politics—with one of the boys aspiring to high public office and his twin brother acting as his campaign manager. Don't say "It can't happen here", because it may happen in 1940. Assemblyman Gardiner Johnson of Berkeley, one of the ablest members of the lower house, is flirting with the idea of running for Congress in the Alameda county district now represented by Congressman John Tolan. And Gardiner Johnson has an identical twin brother—Gordon Johnson—who will be out, ringing doorbells for him. And they're alike as two peas in a pod.

Little noted in the torrent of sensational testimony that poured from the lips of Harry Bridges as he took the stand at his deportation hearing was the significant admission that William Schneiderman, secretary of the Communist Party had solicited

his (Bridges') support of the Ham and Eggs pension plan at the forthcoming special election. The Communist Party endorsement of the pension act, incidentally, sets forth that the plan can't operate successfully—but should be supported by all "liberals" as a blow at employers and "capitalists."

There's a rumor along the political Riato that young Jimmy Ralph III, who was an unsuccessful candidate for the Republican nomination for lieutenant governor at last year's election, will again be a candidate this year if recall petitions against Lieutenant Governor Ellis E. Patterson are qualified. But the best dope, at this writing, is that the recall petitions against Patterson and Governor Olson never will be filed. There's skull-duggery at the crossroads.

KIRMAN'S ENTERTAIN

Mrs. Richard Kirman and daughter, Mrs. Claire Taber, were joint hostesses on Thursday last at Adjudanto Lodge, the Kirman summer home on the lakeshore near Pomin's. Guests enjoyed a luncheon and afternoon of rest were members of the Reno-Carson sewing circle.

On Friday the Kirmans initiated the new rustic barbecue pit and table on their estate by holding a party in honor of their son's birthday. Present for the affair were Mr. and Mrs. Richard Kirman, Jr., Mr. and Mrs. Richard Kirman, Sr., Mr. and Mrs. R. B. Layman of Carson City and Mr. and Mrs. W. E. Taber.

BUILDING HOME

Among interested spectators at the Tahoe boat races Sunday and guests at the boat club luncheon Saturday were Mr. and Mrs. W. E. Trefts, Jr., San Francisco. She is the former Ann Parks of Tahoe. They are houseguests for a week or ten days at the Glenbrook summer home of Alna Lissner. The Trefts are deep in the throes of building a home in the Russian Hill district of San Francisco.

SATHER GUESTS

Mr. and Mrs. Art Sather of Auburn have been entertaining extensively this summer at their lakeside summer home near Homewood. Last week Mr. and Mrs. Joe Bernhard of Alameda were guests, being joined by Mrs. Pat Mooney of Reno who spent several days at Tahoe.

Sunday, following the races, the Sathers held open house, serving buffet luncheon and drinks to numerous guests on the front porch. Friends who dropped in were Dr. and Mrs. Cyril Lewis of Auburn, Mr. and Mrs. Tad Cosby of Auburn, Mr. and Mrs. M. P. Schoolman and Mrs. Annie Devore of San Mateo, Mr. and Mrs. C. A. Swanson and Misses Marie, Phyllis and Jacquelyn Miller.

NO TAHOE IN FLORIDA

Mr. and Mrs. A. C. Kittle of Miami, Florida, are again guests at Pomin's in Tahoe Park. The Kittles were so impressed with the beauties of Tahoe on their visit here two years ago they could not resist a second vacation at the lake.

FROM CAPITAL CITY

Mrs. Walter Murphy and children, Beulah and Charles, of Sacramento spent two weeks at the home of Mrs. Irene Bell in Tahoe city, leaving for home on Sunday.

HOME AGAIN

Mr. and Mrs. Lloyd Yeakel of Lake Forest enjoyed a visit from their son, Richard Yeakel, who was accompanied by his wife and daughter. They have made their home for the past year in Columbus, Ohio, but will remain in California if present plans materialize.

BACCHI-HUNTER NUPTIALS

Miss Sarah Bacchi, in Reno Thursday last, became Mrs. William E. Hunter. The groom is employed in Sacramento, where the couple plan to make their home.

The bride is the daughter of Mr. and Mrs. George Bacchi of Lake Forest.

"MARRIED AN ANGEL"

Thursday evening another wedding took place at Zephyr Point, Lake Tahoe, when Lyn Lucas, brother of orchestra leader Clyde Lucas, San Francisco world's fair publicity picture girl. After the ceremony the bridegroom returned to the orchestra and chose for his number "I Married an Angel."

TAHOE AMATEURS

Harry Ward, Tavern manager, inaugurated a new procedure Monday when he threw open the Green Room to more than 200 amateur performers. The show included dancing and singing and prizes were given the winners.

YOUNSTER IN REGATTA

Miss Adrienne Roberts, 12, daughter of Mr. and Mrs. W. M. Roberts of San Francisco, is the guest at the home of her aunt and uncle, Mr. and Mrs. J. Carroll Skinner. Adrienne had the distinction of being the youngest participant in Sunday's regatta, accompanying Mrs. Skinner in the Florence M.

Metcalf Guest Collapses From Swimming too Long

TAHOE CITY, Aug. 10—Stuart Davis, 28, houseguest at the John Metcalf home, collapsed Sunday from exhaustion, having remained in the water too long while swimming. Dr. C. B. Pedersen used a pulmotor on the patient and returned him to the Metcalf home.

Honors Woman Explorer

In recognition of her work in making photographic surveys of the Far North, Denmark named a large section of Greenland Miss Boyd Land in honor of Miss Louise A. Boyd of San Rafael, Calif., polar explorer. France made her a Chevalier of the Legion of Honor, and Norway a Knight of St. Olaf. She was the first woman to be elected a member of the American Society of Photogrammetry.

We offer a Complete Year 'Round, Accurate Coverage of the Tahoe Area

completing Mrs. Skinner in the Florence M.

BRITISH AIRMAN VISITS

A distinguished visitor at Tahoe over the weekend was James Addams, squadron leader of the Royal British Air Force. He flew up to Tahoe Saturday with Commodore Randolph C. Walker of Los Angeles, a special plane bringing the pair to Reno from San Francisco. He remained as the guest of the Walkers at their Tahoe. James Addams is a representative of the British Air Ministry, where he is inspecting Lockheed planes being built for his country. He was charmed with Tahoe and hopes to return for a longer visit in the future.

Home Soon

Congressman Harry Lane Englebright will return to his Nevada City home shortly from Washington where he has been serving in Congress which adjourned this week. Englebright is one of the leaders in the House and a potent force in national politics. He is second in command to Minority Floor Leader Joseph Martin.

Yacht Club Holds Meet Initiates New Members

CHAMBERS LODGE, Aug. 10—Members of the Tahoe Yacht Club and guests had a dinner meeting here Saturday. Commodore R. C. Walker presided at the business meeting, conducted between courses. Special commendation was accorded the Misses Jane Knecht and Martha King for their excellent work in publicity. The young ladies told of advertising the Sunday Regatta all over Nevada and California and of the reward of their efforts in the large crowd that were on hand Sunday, which was one of the largest in lake racing history.

New members initiated were Ernest Houdelette, George Whittell, Carl Bechdolt, Jr., Hall Ross, Earl O. Schmetz and Thomas Matthews.

A letter from Lou Fageol expressing regret at having to pass the races due to his preparations for races in the east, was read by Secretary W. B. Jordan.

Jordan disclosed that the club had been given the use of Ehrman beach at Rubicon Lodge and of a beach on the Nevada side of the Whittell estate. At Ehrman's a pier several hundred feet long will accommodate three boats, a few alterations being planned to increase the space and to mark dangerous rocks in the area. Picnic and barbecue facilities are available to members.

Those attending were Dave Chambers, the host, Commodore Walkers, James Addams, Mr. and Mrs. J. Carroll Skinner, Jordan, Ross, Mr. and Mrs. P. A. Sugg, Mr. and Mrs. Walter Trefts, Jr., Alan Lissner, E. L. Oliver, Brooks Walker, Charles Townsend, Thomas Matthews, the Misses Knecht and King, Isaac Clay, Gurney Breckenfeld, Lawrence Metcalf and Mrs. Eleanor Swanson.

SEA SCOUTS MAY FORM AT LAKE TAHOE, REPORTED

TAHOE CITY, Aug. 10—Interest is being shown in the announce of Tefas Edwards that Edgar Williams of Auburn, executive in the Tahoe Boy Scouts Council, will speak to a Tahoe audience August 21. His topic will be on the formation of a Sea Scout chapter at Lake Tahoe, with the age limit lowered from 15 to 12. Only a sketchy account is available to date but it is reported that the government plans to establish a Sea Scout base at Tahoe, fully equipped and staffed.

The local sponsoring organization has not been decided upon but it is possible that a special organization will be formed for the purpose.

Edwards will make further announcements via the post office bulletin board at Tahoe Community Center.

Be a success — advertise

Glen Alpine Conditions Good

GLEN ALPINE, Aug. 10—Reports from Glen Alpine, near Lake Tahoe, indicate ideal outing conditions, according to the National Automobile Club. Excellent weather, beautiful and plentiful wild flowers and other conditions combine to make vacationing enjoyable. Fishing in 30 lakes in the area is reported as better than average.

Chemical Analysis of Sea Water

On the average, 100 parts of ocean water contain about 3.5 parts of solid materials composed of the following: Sodium chloride, 77.76 per cent; magnesium chloride, 10.83 per cent; magnesium sulphate, 4.74 per cent; calcium sulphate, 3.60 per cent; potassium sulphate, 2.46 per cent; magnesium bromide, 0.22 per cent; calcium carbonate, 0.34 per cent. There is also a small amount of other substances, chief among which are silicon, phosphorus, fluorine, iodine, boron, aluminum, barium, strontium, manganese, and even such rarer metals as iron, copper, nickel and lead have been found to be present.

La GUARDIA BETS AGAINST THIRD TERM POSSIBILITY

NEW YORK, Aug. 10.—(UP)—Mayor F. H. La Guardia bet a nickel Tuesday that President Franklin D. Roosevelt would not run for a third term. The bet was promptly taken by Rep. Jennings Randolph, D., W. Va., who was visiting the Little Giant at the summer city hall.

Origin of Word 'Assassin'

The word "assassin" is from the Arabian hashashin, eaters of hashish, the name of a sect in the Thirteenth century. The Old Man of the Mountain roused his followers' spirits by this preparation and sent them out to assassinate his enemies.

Tahoe Ramblings

(by SWANEE)

Mrs. Stella Watson, Tahoe school bus driver, is back on the job again after having been confined with food poisoning to her bed.

Blake Goss, who was rushed to Auburn Monday with acute appendicitis, is able to around again, the doctors finding an operation unnecessary.

The level of Lake Tahoe Monday was 6226.39 with 500 CFS of water leaving the Tahoe City gates.

Paul Groppenbacher, the sailor who dived from a 15 foot slide into 3 feet of water last week, died of his injuries in Reno. His body was accompanied east for burial by a military escort.

Numerous cases of an illness, dubbed by the correspondent as "pollenitis" (for want of a more scientific term), were reported this week. It is believed to be caused from drinking water polluted by pollen, the illness following affecting victims in different manners—chills, fever, intestinal pains and dysentery. Boiling all drinking water is a precautionary measure at this season of the year.

Tahoe City's crew of telephone "hello" girls this year is comprised of former employees except for one, Miss Luetta Hill of Sacramento. Under the supervision of Mrs. Leta Hull, supervisor, the crew consists of Miss Catherine Murphy of Visalia, Miss Martha de Gama of Stockton, Mrs. M. F. Goggans of San Jose and Miss Eunice Duffee of Tahoe City.

The 30th anniversary service, held at the Outdoor Chapel near Tahoe Tavern on Sunday, drew a large congregation. Music was presented and Bishop Noel Porter officiated. Services will be held regularly at the chapel throughout the season. All are welcome.

Warden and Mrs. William LaMarr returned last week from Glenn county where LaMarr assisted during the opening of deer season there. He reported few arrests and fewer kills. Mrs. LaMarr, an expert hunter, failed to spot anything save an occasional doe during her two-day hunt.

Sheriff Elmer Gum of Placer has been at Tahoe this week on a bus-

CANDIDATE BEATEN

Sen. Alben W. Barkley, D. Kentucky, who served as majority floor leader at the session of Congress just adjourned, faced a defeat of prestige when his candidate for governor of Kentucky was defeated for the Democratic nomination by the candidate of Gov. A. B. Chandler, Lt. Gov. Keen Johnson. John Brown, the Barkley candidate, had the backing of John L. Lewis and the C. I. O.

Small Fire Is Subdued Quickly by Foresters

LAKE TAHOE, Aug. 10—A small holdover lightning fire was discovered by a hiker in the ridge back of Stateline at the north end of the lake recently and was extinguished by forest service men from the Truckee station. Three dead trees had caught and the blaze was not visible from any nearby lookout station. The fire was confined to the trees.

Congressman and Mrs. D. Lane Powers, New Jersey, the daughter and a guest, were Tahoe visitors Saturday.

ness-before-pleasure trip.

Dr. John Napier, visiting at Tahoe last week, said a wood work shop for 15 will be equipped at the Tahoe City school.

Everett Prusso, owner of Prusso's Forest Inn, arrived at Tahoe this week to join his family. He is located in Kentucky.

LARGE CROWD AT SECOND 1939 RACES SUNDAY AT TAHOE

CHAMBERS LODGE, Aug. 10—Ideal weather, smooth water, an enthusiastic crowd, a goodly array of fast boats and H. Arrigoni, Jr., at the loudspeaker, combined to make the second 1939 Tahoe Power Boat Club Regatta a huge success. No accidents marred the occasion.

An innovation this year was the water show provided by Cliff Hansson of Reno and his crew of three, Barney Bernard, Wayne Poulsen and Edith Mortensen. Some excellent aquaplaning was witnessed, despite the inadvertent duckings. For the first time in racing history at Tahoe, an amphibian plane swept in across from the Nevada side and parked a short time among the cruisers and smaller craft in midlake. The plane was registered to Frank Fuller, Jr.

The first race over the 1 1/4 mile course was the Stevens, won by Gordon Lacey's Constance II in 12:55, the Florence M, driven by Mrs. J. Carroll Skinner, was second.

Second race: 100 HP stock boats similar to CrisCraft. Alan Lissner won in a nameless craft, time 12:33. Carl Becholdt, Jr., second; Little Mist, by Salveter, third; Skip It, by Pierce-Milton, fourth.

Third race: 225 HP. Won by T. E. Anderson's T-E-A in 10:13; second to Chas. Townsend's Kanigo Too, by Matthews; third to Stanley Dollar's Wych Way, by Higginbottom; fourth, Brooks Wake's nameless Landau sedan.

During this race, the Hall Ross boat, Guthawinga, by P. A. Sugg, raced against time.

TAHOE CITY, Aug. 10—Fire of unknown origin destroyed the boat house at the summer home of Herbert Scott near the Mein estate Sunday about 2:30 p. m. the blaze being plainly visible around the shoreline for several miles. Trucks from the Forest Service and Chambers' Lodge sped to the scene but too late to save the building or two of the boats in it. Destroyed were the Comanche and Miss K.; saved was the Miss Chief, owned by Miss Kathleen Scott. The fire was discovered by the Chinese cook who spread the alarm. Members of the family, via bucket brigade, saved the pier. The loss was estimated between \$15,000 and \$18,000, partially covered by insurance.

Fourth race: 400 HP. Won by R. C. Walker's Ranjac II in 8:47; second, Henry Kaiser's Lemme Go First, Junior Kaiser driving; third to John Metcalf's Tecolote; fourth to E. L. Oliver's Hey There IV.

Fifth race: Bang and Go Back. Won by Hey There IV; Tecolote second and third to Skip It.

Sixth race: handicap. Won by Dollar's Wych Way, receiving the Prusso Forest Inn trophy; Florence M second and Elsie B third.

Seventh race: relay. Won by Blues made up of Walker's Ranjac, Townsend's Kanigo Too, Ross' Guthawinga and Milton's Skip It.

The Lake championship race was won by Henry Kaiser's 600 HP Hornet II, driven by Kaiser, Sr., who was accompanied by Mrs. Kaiser in the record-smashing time of 7 min., 47 seconds. Ranjac ran second and Tecolote third, Dollar's Mercury was kept out of competition by a broken water jacket.

The only accident of the day was when Harold Hipskind, official cannon tender, blew out a foot or more of Chambers' pier when the gun kicked back. Several painful silvers were extracted from his arm. Dave Chambers was starter.

Trophies were awarded at the end of the races on the pier.

Tahoe School Taxes Higher As County Rate Goes Down

Superintendent of Schools Elwyn Gregory announced this week that Tahoe Lake's tax rate in Placer County has been increased from 27 cents to 42 cents.

Throughout the county the rate showed a decrease of 20 cents on elementary schools and 11 cents on high schools.

Eastern Scion Dies After Tahoe Automobile Crash

Sheldon Hartford, 24, member of a prominent Pittsburgh, Pa., family, died in Reno Friday from injuries sustained in an automobile crash at Lake Tahoe June 25.

The remains were taken to Sacramento for cremation and shipment to the east.

PLACER COUNTY FAIR

Visitors at the Placer County Fair at Roseville August 25-27, are going to be surprised at the great number of improvements that have been made in the grounds and facilities. More lights, more seats, more space, more comfort for animals on display and pleasant conditions for those who like to wander around the grounds.

The grounds committee has been busy installing a battery of new floodlights at the arena to improve the lighting for night events.

Nor has the pedestrian been overlooked. In place of dust underfoot as in past shows he will now find a springy surface, easy on the feet and easier on the clothes.

Southern Belles Visit Tahoe

TAHOE CITY, Aug. 10—A bevy of beautiful Southern belles and their escorts, guests of a Georgia Camp tour, descended from a large bus and two cars at the Tavern Tuesday last to enjoy a brief visit before continuing their itinerary. Luncheon and a swim were crowded into the hours here. They left for Reno to spend the night, Yellowstone Park being their next stop.

FOUGHT TUNNEL

TASKER L. ODDIE

The Tahoe Tunnel to Washoe Valley will not be acted upon until next year because of the adjournment of Congress without an appropriation for the project. Tasker L. Oddie, former Republican U. S. Senator from Nevada, has been credited with doing much to deter action on the project. Oddie's home is on Lake Tahoe.

The U. S. Senate, at the request of Sen. Pat McCarran, Nev., passed a resolution requiring the approval of the California Legislature for the project.

Forest Service Films Shown At Tahoe Community Hall

LAKE TAHOE, Aug. 10—Motion pictures of winter sports, game hunting and fire prevention work in the Tahoe National Forest were shown by the Forest Service Tuesday at the Tahoe Community Center. Ranger Charles Arment of Sunnyside was in charge.

Pictures of local skiers, dog team drivers and other winter sports fans in the Tahoe National Forest were among those exhibited as well as pictures of the Auburn Ski Club grounds at Cisco. Also included were pictures of the Montrose flood in 1937 and of cougar hunting.

Women's Club Record High For 1939 Season, Report

TAHOE CITY, Aug. 10—The Tahoe Women's Club has been enjoying a large attendance during the season. Last week hostesses included Mrs. J. L. Debenedetti, her sister, Miss Regina Cuneo, Mrs. Nora Hevel and Mrs. Lee Garner. More than 30 ladies attended and enjoyed the refreshments and card playing. First prize in auction went to Mrs. Otto Darlin, Mrs. Debenedetti taking second. Mrs. Charles White of Truckee received a prize for contract with Mrs. Lindenfeld of Meeks' Bay winner at her table.

Today another card party is being held at the Community Center hall with refreshments preceding the card playing. Hostesses are Mrs. Nina Rogers, Mrs. C. O. Valentine, Mrs. Northie Pomin and Howard Johnston. Proceeds of the party will go into a fund which will be used to buy a 50-cup electric percolator for the club, a long-felt need.

DON'T MISS TREASURE ISLAND!

It's the most exciting place in the West right now!

If you're going to the Fair, don't put it off too long! The management has announced that the Exposition will close December 2 and will not reopen next year.

Record-Breaking Crowds!

There's no doubt that Treasure Island is the most exciting place in the West right now. Record-breaking crowds flock to one big attraction after another. Ted Lewis, Eddie Duchin and Skinnay Ennis follow Benny Goodman and Kay Kyser. A new Folies Bergere is playing. There's something big going on every day now—something worth going miles to see.

PARENTS! Be sure to take your children to the S. P. Roundhouse in the Vacationland Building. Engineer Frank La Berge will tell them how to join our "Junior Engineers Club" and "Junior Stewardess-Nurse Club."

Seawell Pitches Team To Victory in Roseville Game

State Senator Jerrold L. Seawell this week pitched his Roseville Lions softball team to victory over the Roseville Rotary team. When the Solon went to the mound the Lions were trailing but his skill over the ball held the Rotarians in check while the Lions roared ahead to win by one run, which Seawell scored out of three trips to the plate.

POLITICALLY SPEAKING

tween San Francisco and Los Angeles but the island retreat was somewhat of a surprise. The Governor "hid out" in the St. Catherine's Hotel on the island after his grueling period of signing and vetoing bills. Only his closest associates and the press knew of his whereabouts. But this week he let the cat out of the bag and disclosed

State Fair Program Takes Form

(CNPA Special Service) SACRAMENTO, Aug. 10—California State Fair will present a \$7,500,000 institution at its 85th annual renewal September 1 thru 10. Nearly \$2,000,000, mostly supplied by the Federal government, has gone into improvements in the last two years. Since the Fair closed last September, \$700,000 has been spent, a large portion of it to provide show quarters for young exhibitors of the State. The Fair, itself, is in first place in the nation insofar as attendance is concerned and Secretary - Manager

Robert Muckler points out that 12 new buildings now under construction for 4-H Clubs and Future Farmers of America will give it the largest youth division in the country. Three hundred WPA and architect division employees are at work on the improvements. The twelve new buildings will be divided equally between the two youth groups. Each will have an administration building 64 by 160 feet and 28 feet high. A domed roof of a new type eliminates pillars or posts on the floors. An arcade 185 feet long connects the two buildings.

Former Local Boy Weds In Reno On July 19th

W. H. Rapp, son of William Rapp who was well known in Truckee, was married to Miss Ethyle Lombardi in Reno on July 19th. The couple are residents of Loyalton where Rapp is postmaster, the position held by his late father. The bride is the daughter of Loyalton's mayor and county supervisor. Rapp was graduated from University of California at Berkeley before he assumed his present position.

Nevada Leads in Deaths By Auto In Last Year

Nevada led the nation in automobile deaths in 1938, according to a report received here this week. The Silver State had a auto death rate of 65.3, compared to Rhode Island's "low score" of 12.2. In 1938 there were 32,528 killed in auto accidents, compared to 39,643 for the previous year. California ranked third, following Arizona.

TAKES OVER RESORT

C. L. (Rusty) Tarwater of Brockway has taken over the management of the former Freeman's Inn at Lake Tahoe and is making alterations and adding to the attractiveness of the resort. Tarwater was formerly associated with Mrs. Freeman at the inn.

that the seat of government had jumped from the mainland for the first time in history. Telephones, fast boats and all the comforts of home make the Catalina Capitol almost as accessible as any other vacation spot the Governor could have chosen. Since the remodeling got underway in the Governor's suite in the Sacramento State Capitol will not be finished until around October 1, it can be assumed that Olson will continue to stay away from the warm weather of Sacramento until then. The necessity of maintaining two Governor's offices is a strain on his aides but so far they have done quite a capable job of it. In fact, the Governor's staff is housed in more spacious—though scattered—quarters than when the Governor was here. The various committee rooms used by the Legislature were turned into separate offices for the executive staff and the publicity crew took over the State Relief Administration when headquarters were moved to San Francisco. But the SRA sign still hangs outside the door, perhaps to keep away those who might want to get some publicity.

Inadequate Wiring

Small electric wires in homes are causing our customers to lose many dollars

The Utility District has spent many hundreds of dollars to bring the proper voltage to your building. Beyond the meter is where the loss occurs.

The District cannot deliver the proper quality of electricity to your lamps or appliances if your wiring is inadequate (too small or in poor condition).

Your lamps will not burn as brightly as they should; your iron, toaster or cooker will not heat as fast as they should, and your refrigerator, radio or washing machine will not operate as efficiently if your wiring is too small. BUT your meter will keep running just the same.

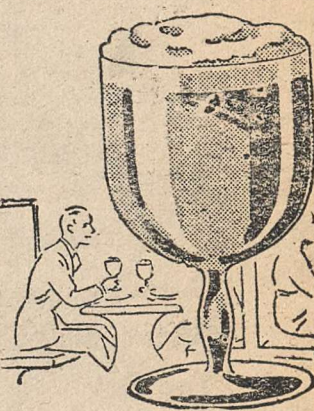

Call the electric contractor in and have him check your wiring and give you an estimate on bringing it up to standard. Have him put in a few extra convenient outlets while he is there.
